

HEAVY DUTY COMPRESSION SPRING 3 (CNT3)

The Heavy Duty Compression Spring 3 is used to maintain a constant tension on the electric fence wires. Wire tension on an electric fence will vary over time and the springs will maintain a constant force on the electric fence wires to keep them taut.

Features:

- Heavy duty durable design
- A plastic inner which eliminates galvanic reaction between dissimilar metals, reduces rust and increases the lifespan of the wire
- Can be used with any type of electric fence wire
- Heavy tension compression springs (silver) can tension wires up to 2.0mm

Specifications:

Material	Stainless Steel UV stabilised plastic inner
Colour	Black
Spring Tension	Heavy 15kg
Operating temperature	-40 to 80°C
Output voltage	0 - 12KV
Recycling	SPI 7

Stock Code	Description
ES-CNT3	Heavy Duty Compression Spring 3 (CNT3)
